**Note:** Of the last 8 path changes above only Paston RB10 was ready to be used, the others needing some work to be done. At East Tuddenham FP13 the old path is still signposted and available for use until some turf can be laid in the new entrance. The new Burston FP14 is useable as it has always had to be followed, more or less.

Kings Lynn BY1 has not yet been stopped up because the developer has not yet provided the alternative to replace it.
